REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The primary reasons for the indication of the allowability of claims 1, 4, 7, and 9 is the inclusions therein, in combination as currently claimed, of the limitation that adjusting means for adjusting the drive signal applied to the recording elements based on the number of recording elements to be driven within the discharge cycle and the number of recording elements to be substantially simultaneously driven in each the blocks sequentially driven within the discharge cycle by said driving means is neither disclosed nor taught by the cited prior art of record, alone or in combination.

Claims 2-3, 5-6, 8, 10-11, and 34-37 are allowed because they depend directly/indirectly on claim 1, 4, 7, or 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
